

ELECTRONIC PUR SCREENED COILED CABLES

J24PSC0 Miniature Polyurethane Screened Coiled Extendable Cables

- a. Plain Copper Conductors
- b. Polyethylene insulation
- c. plain copper wire braid screen (1 core Individually Screened)
- d. Polyurethane BLACK sheath

Flexible PUR screened coiled communication cables suitable for more aggressive environments than traditional PVC sheathed coiled cables. Perfect for headset-audio communication devices and any other communications applications. The small conductor sizes suit our LEMO range of miniature circular push-pull connectors and combined make a perfect match for many complex communications applications.
