

# ELECTRONIC PUR SCREENED COILED CABLES

## JPU Polyurethane Miniature Screened Cables

- a. Plain Copper Conductors
- b. Polyethylene insulation
- c. plain copper wire braid screen (1 core Individually Screened)
- d. Polyurethane BLACK sheath

Flexible PUR screened communication cables suitable for more aggressive environments than traditional PVC sheathed cables. Perfect for miniature coiled cables (see picture right) used on headsets and many other communications applications. The small conductor sizes suit our LEMO range of miniature circular push-pull connectors and combined make a perfect match for many complex communications applications.

Jaycor Part Number	Conductor Size (mm <sup>2</sup> )	Strandings (no./mm)	No. of cores	Nominal O.D. (mm)
JPU020081S08	0,08	16/0,08mm	8	4,75
JPU020101S12	0,1	12/0,10mm	12	5,3
JPU020221SC04	0,22	20/0,125mm	4	4,5
